

Values at St Nicholas School

St Nicholas School prides itself on its strong Christian ethos which underpins all of school life.

Values Education is embedded into all areas of the curriculum. Each half term the school focuses on a different Christian Value and explores this through explicit Values lessons and through Collective Worship. At the end of each half term the teachers nominate a child as the Values Champion for their class.

Our aim is for children to understand and be able to identify and articulate the importance of values in their own lives, now and in the future.
